PACIFIC COAST SPORTFISHING MEDIA

Pacific Coast Sportfishing is a media brand focused on delivering the very best in reading entertainment for saltwater fishing from Alaska to Panama, with a special emphasis on Southern California and Mexico. We cover "how to" techniques for the world's most diverse and exciting fisheries, along with the tackle, equipment and boats you will need to enjoy the sport to the fullest. We also produce the Pacific Coast Sportfishing Tackle, Boat, Travel and Outdoors Show, Southern California's highly acclaimed fishing, tackle and boat show for consumer enthusiasts.

Sportfishing got its start on the West Coast when the founder of the Tuna Club, Charles Holder,

hooked the first tuna on rod and reel in 1898. And we still lead the U.S. recreational fishery today with the greatest variety of fishing. Our enormous fishery stretches from the wilds of Alaska, through the scenic inlets of British Columbia, down through thousands of miles of coastline including Washington, Oregon, California, Mexico and all the way to the Hannibal Banks off Panama, covering over 7,000 miles in all.

We have the largest fleet of sportboats, we stage the most prestigious marlin tournaments and we have more fishing lodges and resorts than any other place in the world. We also boast tens of thousands of privately owned boats and yachts.

Come grow your market share with us. Brand your products in *Pacific Coast Sportfishing* ... the West Coast's leading saltwater magazine.

EDITORIAL MISSION

Since our inception in 1981, *Pacific Coast Sportfishing* has been the definitive read for saltwater fishing. Our mission is to inspire our readers to spend more time on the water doing what they love to do – not that they need that much encouragement. We do this by giving them creative articles filled with information that will change the way they fish. Our dedicated team of saltwater journalists are comprised from among the most knowledgeable private boat and sportboat anglers and captains found along the Pacific Coast. And when you match this quality journalism with our superb photography, you get a magazine that they look forward to reading cover to cover many times over.

It's more than a passion. It's quite frankly an addiction. But a good addiction because it gets fathers and sons-and daughters-out spending quality time together, and that's a good thing. It gets friends out of the office hanging with each other in good natured camaraderie. And that's a good thing too. All of this means tremendous reader engagement. One wife stopped by our booth at a trade show and said matter of fact, "My husband keeps your magazine on his nightstand and reads it every night." That's what it's all about ... dreaming of that next big catch.

CIRCULATION SUMMARY

In reality, advertising is all about cost per order, not cost per thousand. It's about the customer who spends \$2,000 a year on new tackle versus the guy who spends \$200. If you think of the big, national fishing magazines' circulation as a pyramid, it's the top you're after. You can spend a lot of money real fast reaching the base of the pyramid, but does it ever justify the huge expense?

With *Pacific Coast Sportfishing*, you're getting (and only paying for) the top of the pyramid. Our readers aren't "armchair anglers"—They spend on average 29 days per year fishing! They spend \$2,073 per year on tackle and on average, own one boat per household!

DIGITAL CIRCULATION: With an all new platform of iPad/iPhone/Windows 8 app versions, the magazine can be read worldwide by hardcore anglers. And best of all, with our Interactive Digital App, readers can be taken directly to your site via the live link we embed into your ad.

With facts like these, you can see how one of our readers is worth 10 readers from another magazine. Plus, our readers absolutely love us.

"My favorite mag! All the other saltwater magazines are East Coast."

"I read PCS cover to cover every month. It keeps me up to speed on everything I need to know about our local waters. The extensive section you have on boats for sale was very helpful to me. I am not sure that I would have found my dreamboat without it."

"There may never be a better fishing magazine. It's tailored exactly to what we fish for and how to do it, with the best pictures. Makes me glad to be a Californian."

"I have been a subscriber for a couple of years and love this magazine. I can't wait for it to come every month. I'm like a kid at Christmas."

"I love the magazine and have subscribed for years. The East Coast magazines miss way too much in our style of fishing."

"I really dig this magazine. From the tips to the boat advertisements to the special seasonal articles, it definitely is more directly informative."

Reader Engagement

When you strip away all the buzz and facts and figures, you're left with really just two important questions:

1. Are these the types of readers I need to grow my market share?
2. Do the readers spend enough time with the magazine to see my ad?

Pacific Coast Sportfishing is literally off the charts in both these areas. We define the term "enthusiast." Each of our articles has what we call "stopping power," the ability to hold a reader on any given page for minutes at a time while they read and—reread the article to be certain they gleaned all they can from it. And of course the longer they stay on a page, the more meaningful ad impressions it delivers to you.

PACIFIC COAST SPORTFISHING SHOW

TACKLE x BOAT TRAVEL x OUTDOORS

Each year Pacific Coast Sportfishing kicks off the fishing season with Southern California's premier salt water trade show, the Sportfishing FESTIVAL. What began in 2009, the FESTIVAL has grown to become a highly acclaimed trade show that attracts the best brands in the industry for exhibitors, and arguably the most active, dedicated anglers in the Southern California market.

The hallmark of the FESTIVAL is the seminar series that is held inside the main hall. Here you will find the west coast's legendary captains sharing their knowledge onstage, with other legendary captains sprinkled in the audience absorbing what is being said. It's a "who's who" comprised of the giants in the sportfishing industry along with the private anglers whose names dominate the leader boards at the angling clubs and thousands of other saltwater anglers who come for the learning and camaraderie

of seeing old friends and making new ones.

The FESTIVAL is held at the Orange County Fair and Events Center adjacent to Newport Beach and offers easy access to Southern California's most affluent coastal demographics within a 40 mile radius—over 8 million consumers in all. For

exhibitors, the Fair and Event Center is a non-union facility and offers easy ingress and egress. There are also adjacent hook-ups for motor homes and trailers in a park-like setting for overnight stays as well as numerous hotels nearby.

The Sportfishing FESTIVAL and Pacific Coast Sportfishing magazine in tandem offers advertisers the unique and powerful marketing opportunity for our readers to meet with your representatives

face-to-face and build lifelong loyalties to your brand. It's always a good idea to secure your location now for next year's show.
